

LIFETIME WARRANTY*

FLATWARE

CONGRATULATIONS...

Thank you for your purchase. Adding beauty and pleasure to any dining experience, your Rena Ware Flatware is manufactured from the highest quality stainless steel to deliver a lifetime of treasured use.

CARE INSTRUCTIONS

- Before use, wash with ½ cup of white vinegar added to the sink filled with hot soapy water. Rinse and dry thoroughly
- Clean regularly. Do not use abrasive cleaners, scouring pads or steel wool as they may cause scratches
- Dishwasher safe except for knives which should be hand-washed and dried promptly after each use. If using an automatic dishwasher for other flatware pieces, remove after the last rinse cycle and hand-dry to avoid discoloration
- Avoid prolonged exposure to harsh detergents, acidic foods, strong bleaches, or salt, which may result in pitting or corrosion. **Note:** pitting will not affect the performance or usefulness of your flatware, nor is it considered to be a defect in materials or workmanship.

STORAGE

To limit fingerprints, avoid touching flatware with bare fingers prior to storing. Store using a separate storage case or protector or stack similar pieces neatly. Do not store in plastic or wrappings that can trap moisture.

RENA WARE ASSURANCE OF QUALITY

Your unique Rena Ware product has been manufactured to the highest standards in select factories around the world. Our warranty is your assurance of our commitment to quality.

***Lifetime warranty.** See the official Rena Ware Warranty in the Customer Service section of www.renaware.com
